Consent for the Recording and Use of Images of Your Child

School staff may sometimes wish to take photographs or video recordings of children within school, or on school trips. These could be used for the school's own records, for use in curriculum activities, or for inclusion in the school's promotional material, such as the school prospectus or school website.

The school also invites an external photographer to the school each year to take official school photographs. An external photographer may also be invited by the school to take photographs of pupils engaged in school activities or events for publication.
